We will be in Honolulu on Monday and Tuesday, to discuss taxes and AAA and get into this issue as well. I'm not so sure we would want to tinker with legislation. We have absolutley no cover or allies to help us with any backlash, none. Especially with a trial attorney Governor. The bottom line for the AG is headlines, and she needs to understand not all the headlines on this issue are good ones. David - I'll ring you guys today to discuss strategy.

On Friday, KTeel and our local counsel met with Hawaii AG Marjorie Bronster. It appears that the AG is strongly leaning toward filing a suit against the industry. A driving factor: there was substantial disagreement on the size of the recovery, the AG anticipating potential recovery four times what we argue.

Kieth will be back in the office tomorrow and will be discussing the situation with you in greater detail.
